## FREEDOM OF MIND: HELPING LOVED ONES LEAVE CONTROLLING PEOPLE, CULTS, AND BELIEFS

Freedom of Mind Press. Paperback. Book Condition: New. Paperback. 268 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. In the post 9/11 world, people are more susceptible than ever to charismatic figures who offer simple, black v. white, us v. them, good v. evil, formulaic solutions. The rise of the Internet; increasingly sophisticated knowledge about how to influence and manipulate others; and the growing vulnerabilities of people across the planet make for a dangerous, potentially devastating combination. Steven Hassan's new book Freedom of Mind provides the knowledge and awareness needed to help yourself and loved ones avoid or escape from such dangerous people and situations. This must-read volume is a significantly updated and revised edition of Hassan's groundbreaking Releasing the Bonds (2000). People who read and benefitted from that book and also his earlier book, Combatting Cult Mind Control (1989) will want to read Hassan's latest. It provides an up-to-the-minute guide to the reality of undue influence—the preferred term for mind control in the post 9/11 era. Unstable Global Environment Enhances Dangers of Unethical Control The world has changed greatly in the last decade. The rise of the Internet, the emergence of global terrorism and of dangerous totalitarian ideologies, and the shifts in global markets—these and other changes have created new opportunities for unscrupulous individuals, groups, and institutions to exert unethical control over others. Freedom of Mind exposes the techniques and methods that individuals, cults, and institutions of all types—religious, business, therapeutic, educational, governmental—use to undo a person's capacity to think and act independently. Individuals More Vulnerable than Ever The Internet is now the primary vehicle for recruitment and indoctrination. It is also a means for spreading sophisticated information about social psychology, hypnosis, and other techniques of social control, which are being used in ways both effective and dangerous by influence professionals. Meanwhile, people are becoming increasingly vulnerable....
