

Practical Pediatric Endocrinology in a Limited Resource Setting (Hardback)

Filesize: 6.05 MB

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

(Dr. Kayden Gerlach)

PRACTICAL PEDIATRIC ENDOCRINOLOGY IN A LIMITED RESOURCE SETTING (HARDBACK)

Elsevier Science Publishing Co Inc, United States, 2013. Hardback. Book Condition: New. 236 x 185 mm. Language: English . Brand New Book. Practical Pediatric Endocrinology in a Limited Resource Setting provides a guide for managing pediatric endocrine problems in a limited resource setting, together with an outline of the bases for these disorders. The book outlines a plan for coming to a likely diagnosis in situations where resources are constrained, and suggests ways to access more sophisticated technologies for diagnostic confirmation and extension of available tools. Further extending and complementing each chapter is a series of scenarios for use as teaching and learning tools. Together with a clinical question, all chapters include a suggested outline for assessment that assists readers facing similar situations in daily practice. Each scenario works through a typical series of deductive steps used to establish a working diagnosis, while considering both a differential diagnosis and reminding readers of current knowledge around the subject matter. * Provides a working knowledge of pediatric endocrinology, from the viewpoint of practical application, for residents and clinicians practicing in settings with scarce material resources * Features clinically based chapters, emphasizing workable diagnoses and management plans in limited resource situations * Includes information on Type 1 diabetes mellitus, given its increasing prevalence worldwide* Describes basic research techniques and planning, intended to foster collaboration between colleagues and other centers in clinical or basic research, which can inform clinical practice and drive innovation.
