

Soul Search, a Scientist Explores the Afterlife

By David Darling

First Edition Design Publishing. Paperback. Book Condition: New. Paperback. 132 pages. Dimensions: 8.9in. x 5.9in. x 0.4in. What happens when we die Does everything we are just stop Is consciousness lost forever Or does some vital spark inside us, a spirit or a soul, live on We find it almost impossible to think about not having a mind, of our awareness being snuffed out like a candle. Yet the stark fact is that within a century or so, everyone alive today - all six billion of us - will be dead. Humans are the only creatures on earth that know they are going to die. But that foreknowledge has come fairly recently and it flies in the face of four billion years of evolution. Those eons have genetically conditioned us to do all we can to preserve ourselves and our kin. The result is that we are caught in a dilemma. We are programmed to survive by our genes yet made painfully aware of our mortality by our forward-looking brain. If we admit that death is inevitable, then our will to survive may be fatally weakened. On the other hand, if we deny death, we have to turn a blind eye...

Reviews

I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dana Hintz**

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).
