

The Body Politic: The Battle Over Science in America

Filesize: 5 MB

Reviews

Excellent electronic book and helpful one. It usually does not cost a lot of. I am quickly will get a pleasure of reading through a written publication.

(Bernardo Feeney Jr.)

Bellevue Literary Press. Paperback. Book Condition: new. BRAND NEW, The Body Politic: The Battle Over Science in America, Jonathan D. Moreno, A Kirkus Reviews Best Book of the Year and Scientific American Book Club selection "Moreno pulls apart the debates on eugenics, abortion, end-of-life decisions, embryonic stem-cell research, reproductive cloning, chimeras and synthetic biology, among others, carefully reassembling what's at stake for each side. In graceful, sparkling prose, he illuminates intricate threads of history and complex philosophical arguments. Highly recommended for anyone interested in the[se] vital issues." --Kirkus Reviews (starred review) We have entered what is called the "biological century" and a new biopolitics has emerged to address the implications for America's collective value system, our well-being, and ultimately, our future. The Body Politic is the first book to recognize and assess this new force in our political landscape--one that fuels today's culture wars and has motivated politicians of all stripes to reexamine their platforms. As Moreno explains the most contentious issues, he also offers an engaging history of the intersection between science and democracy in American life, a reasoned (and often surprising) analysis of how different political ideologies view scientific controversies, and a vision for how the new biopolitics can help shape the quality of our lives. Jonathan D. Moreno is the David and Lyn Silfen University Professor at the University of Pennsylvania and the editor-in-chief for the Center for American Progress' online magazine, Science Progress. He divides his time between Philadelphia and Washington, DC.
