## STILL PITIVING THE FOOL WHY SCIENTISTS ARE FRAUDS-THE TRUTH ABOUT OUR WORLD

DOWNLOAD

iUniverse. Paperback. Book Condition: New. Paperback. 116 pages. Dimensions: 9.0in. x 6.1in. x 0.3in. When I look at the science people believed 100 years ago, I laugh. When I look at the science we believe today, I am still laughing. The world of science needs a major overhaul, and I have done just that in this book. In my new book, Still Pitying the Fool Why Scientists Are Frauds-The Truth About Our World, I expose the most accepted theories in the scientific realm for what they are-wrong. I challenge conventional wisdom on subjects ranging from Astronomy to Physics, and I support my contradictions with illustrative evidence. When it comes to science, we were conditioned to be defeatists. We were taught to accept what's written, even if it's pure fiction. This book divulges the inconsistencies that some may have questioned, but were too afraid to voice. Still Pitying the Fool is the result of more than 11 years of work and study, and brings with it a fresh approach. It's more than a textbook for alternative thinkers - it's fascinating and easily understood by the average science enthusiast. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
