Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Shakespeare s Sonnets In this volume, as almost every page of the Introduction and the Notes bears witness, I have been under special obligations to Professor Dowden s excellent editions of the Sonnets. I have not, however, drawn at all from Part II. of the Introduction to his larger edition (see the footnote on p.n), which condenses into some seventy-five pages the entire literature of the Sonnets. For the critical student this careful resume answers a double purpose: as a bibliography of the subject, directing him to the many books and papers that have been written upon the Sonnets, if he is moved to read any or all of them; and as a compact and convenient substitute for these books and papers, if he wants to know their gist and substance without the drudgery of wading through them. I doubt not that the majority of students will be thankful that Professor Dowden has relieved them of the drudgery by compressing many a dull volume or magazine article into a page or a paragraph. I will only add that the text of the Sonnets, like that of the Poems, is given without omission or expurgation. Note To Revised Edition Of 1890. For new matter, giving the substance of the latest researches in the history of the Sonnets, see Addenda, p.184 fol. Certain changes have also been made in the Introduction (pp. 10, 11, 12) and here and there in the Notes. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the...
