Actual constructions in the manual training department will mean more than any drawing that is copied from a picture. A visit to a building to study architectural form not only adds an interest but develops the sense of the beautiful in geometrical construction and a love for symmetry. Girls find equally as much interest in arrangement of house furnishings, designs of wall paper, window and mural decorations. All of this stirs up an interest and a love for the subject, and the scope of geometry is widened. If from time to time brief historical data is given it adds human interest. For9 a class just entering geometry a small equipment of ruler, compasses, scissors, drawing board, protractor, parallel ruler, squared paper, T-square and a triangle of 60 and of 30 degrees with a right angle should be provided for...
