FUNGAL DISEASES AND THEIR MANAGEMENT IN HORTICULTURAL CROPS

Scientific Publishers, 2010. Hardcover. Book Condition: New. Horticulture in India is fast emerging as a major commercial venture, because of higher remuneration per unit area and the realization that consumption of fruits and vegetables is essential for health and nutrition. In the last one decade, export potential of horticultural crops has also significantly increased attracting even multinationals into floriculture, processing and value added products. Productivity of horticultural crops in India is relatively low as compared to other countries. Of the...
