"Epoch making changes have taken place in the discipline of biology and it is natural that these developments are reflected in the methods of teaching biology at the secondary level. In a country like India which has developed as a third scientific and technological man power in the world, it is highly important that methods of teaching biology keep pace with the advancement in biological science. The book fulfils the need in a very appropriate way." (jacket)No. 24716 268 pp.
